STREET GRINDIN' MIKE INSTRUCTIONS:

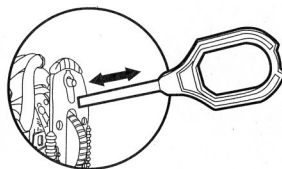

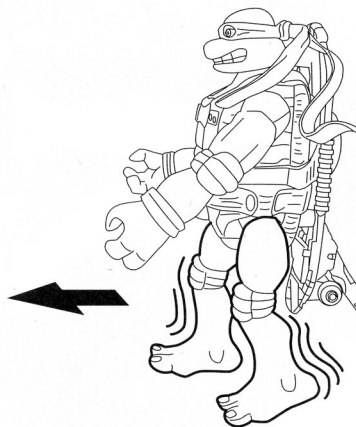

1. Get ready for some Street Grindin' action! First, attach Mike's skateboard to his back shell.

2. Drop the front of the back-board down and then insert the power cord in its slot within Mike's skateboard and shell.

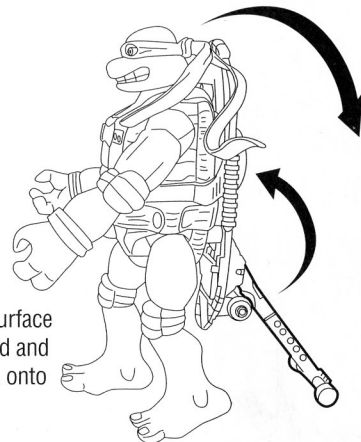

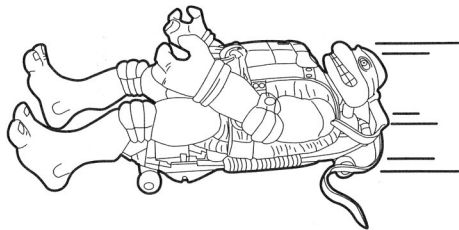

4. Place Mike on a flat surface and Mike runs forward and then dives backwards onto his skateboard!

3. With Mike standing up, pull the power cord up and down several times as fast as you can, then release by pulling the ripcord all the way out of his shell.

5. Mike then rolls feet-forward for real Street Grindin' action!
