

TEENAGE MUTANT NINJA TURTLES®

Kids,
follow these
simple blueprints,
it's easy!

Ripcord

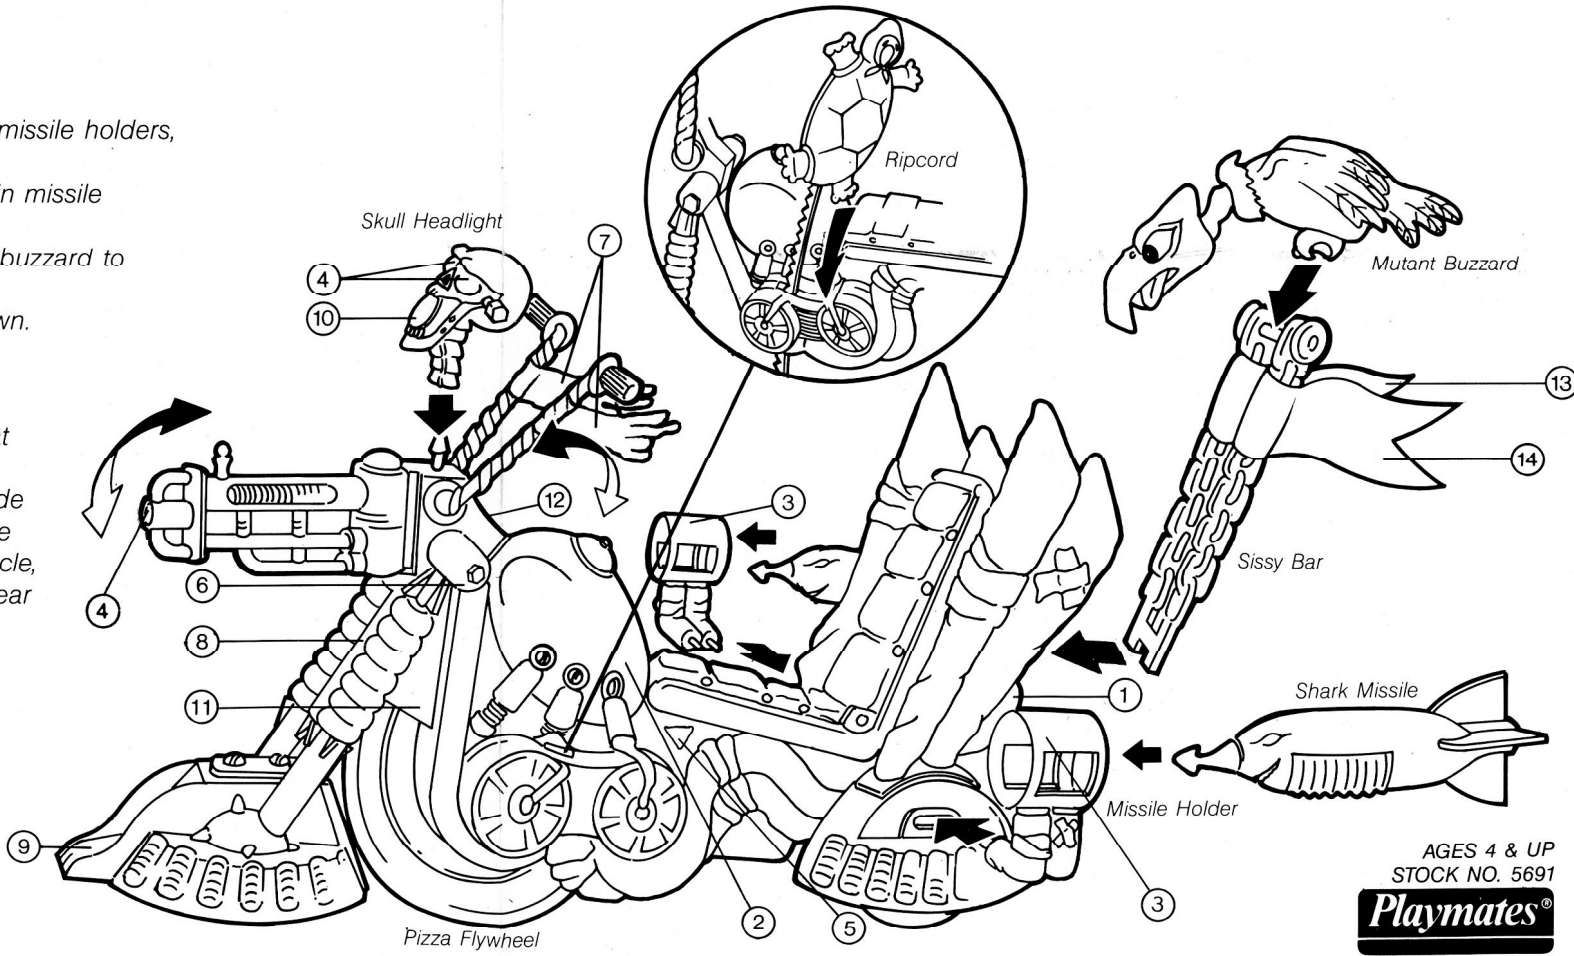

ASSEMBLY

- Plug skull headlight, (2) missile holders, and sissy bar as shown.
- Place (2) shark missiles in missile holders as shown.
- Plug detachable mutant buzzard to top of sissy bar.
- Place labels 1-14 as shown.

DIRECTIONS

- For pizza powered fun: Place figure on seat and secure with safety belt. Insert turtle ripcord fully in one of the slots on either side of cycle engine (ripcord "teeth" should face toward front of vehicle). Firmly holding vehicle, quickly pull ripcord out (fingers must be clear of flywheel). Place vehicle on ground with forward motion.
- For maximum performance: Run PPV on hard, flat surfaces.

Caution: Keep fingers away from pizza flywheel once vehicle is activated.
